World's largest grassroots solar event is coming to town

Find out how to trim your energy bill, generate your own electricity, be more energy conscious, & improve the world for our children by living sustainably today in Dillingham, AK. A hands-on **educational program** brought to you by members of our community. Sponsored by [UAF.edu/bbc](http://UAF.edu/bbc), [ACAT.org](http://ACAT.org), & [ASES.org](http://ASES.org) which are non-profit organizations promoting education & research of the latest groundbreaking renewable energy technology for sustainable living. Join your friends and carpool on this self directed tour.
